Student harp

The Schola is a 46-string harp in the Baby Grand class, and not a "reduced size" model, as exist elsewhere. Conceived to assure a natural transition to any 47-string harp, the Schola has the same spacing, tension and pedal box. It is highly accessible in terms of both size and price, and above all, it is a Camac harp: light, with a beautiful sound, and easy to maintain.
